

# Boil Water Notice Rescinded

August 24, 2017

**The water on San Augustine Rural WSC no longer requires boiling.**

On August 22, 2017, the Texas Commission on Environmental Quality required the San Augustine Rural Public Water System, #2030007, to issue a Boil Water Notice to inform customers, individuals or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

San Augustine Rural Water has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of August 24, 2017.

If you have questions concerning this matter, you may contact the office:

220 West Columbia Street

San Augustine, Texas.

936-288-0489

or

Charles Sharp 936 -201-5001.
